## What is the difference between IELTS Academic and IELTS General Training?

The IELTS is available in two formats:

- **IELTS Academic:** This format is for candidates who are planning to study at an English-speaking university.
- **IELTS General Training:** This format is for candidates who are planning to immigrate to an English-speaking country or who need to demonstrate their English proficiency for work purposes.

## **What is the test format of the IELTS?**

The IELTS is divided into four sections:

1. **Listening:** This section consists of four audio recordings. Candidates are required to listen to the recordings and answer questions about what they have heard.
2. **Reading:** This section consists of three reading passages. Candidates are required to read the passages and answer questions about the content of the passages.
3. **Writing:** This section consists of two writing tasks. Candidates are required to write an essay in response to a given topic and a letter.
4. **Speaking:** This section consists of an interview with an examiner. Candidates are required to answer questions about themselves, their experiences, and their opinions.

## **What is the scoring system of the IELTS?**

The IELTS is scored on a scale of 0 to 9. The overall score is the average of the scores for the four sections. The minimum score required for each section varies depending on the purpose of the test. For example, for immigration to Canada, a score of 6.0 is required in each section.
