With Moon Best of Yellowstone & Grand Teton, you have the tools you need to create an unforgettable trip to one of America's most breathtaking natural attractions.

## **Yellowstone National Park**

Yellowstone National Park is the oldest and largest national park in the United States. It is home to a vast array of geothermal features, including geysers, hot springs, and mud pots. The park is also home to a large population of wildlife, including bears, wolves, bison, and elk.

There are many ways to explore Yellowstone National Park. You can hike, bike, camp, fish, or simply drive through the park and enjoy the scenery. If you are interested in hiking, there are trails for all levels of experience. Some of the most popular trails include the Old Faithful Loop Trail, the Norris Geyser Basin Trail, and the Grand Prismatic Spring Trail.

If you are interested in wildlife watching, there are many places in Yellowstone where you can see animals in their natural habitat. Some of the best places to see wildlife include the Lamar Valley, the Hayden Valley, and the Mammoth Hot Springs area.

## **Grand Teton National Park**

Grand Teton National Park is located in northwestern Wyoming. The park is home to the Teton Range, a series of jagged peaks that rise above the Jackson Hole valley. Grand Teton National Park is also home to a large population of wildlife, including bears, wolves, moose, and elk.

There are many ways to explore Grand Teton National Park. You can hike, bike, camp, fish, or simply drive through the park and enjoy the scenery. If you are interested in hiking, there are trails for all levels of experience. Some of the most popular trails include the Jenny Lake Trail, the Cascade Canyon Trail, and the Paintbrush Canyon Trail.

If you are interested in wildlife watching, there are many places in Grand Teton where you can see animals in their natural habitat. Some of the best places to see wildlife include the Oxbow Bend area, the Mormon Row area, and the Jackson Lake area.
