The Absite Review is a comprehensive resource for preparing for the American Board of Internal Medicine (ABIM) certification exam. It is written by Steven Fiser, MD, a physician who has helped thousands of residents pass the boards. The Absite Review is available in both print and online formats, and it includes a variety of study tools, including question banks, practice exams, and video lectures.

What is the ABIM certification exam?

The ABIM certification exam is a standardized exam that tests the knowledge and skills of physicians who are seeking to become board-certified in internal medicine. The exam is divided into two parts: a multiple-choice exam and a clinical skills exam. The multiple-choice exam covers a wide range of topics in internal medicine, including cardiology, gastroenterology, nephrology, and pulmonology. The clinical skills exam

tests the ability of physicians to perform common clinical procedures, such as taking a patient's history and performing a physical exam.
