### The Lore of Blood and Night

In the shadowy realm of Warhammer, where colossal battles rage and ancient evils lurk, the Vampire Counts stand as a formidable force of darkness. Led by the legendary Vlad von Carstein, these undead legions have plunged the Old World into centuries of terror. As the sun sets and shadows grow long, the Vampire Counts rise from their subterranean lairs, their eyes gleaming with unholy hunger.

This omnibus weaves together four captivating novels that chronicle the rise, fall, and resurgence of the Vampire Counts. From the treacherous peaks of Sylvania to the war-torn fields of Ostermark, the story unfolds in a breathtaking symphony of violence and intrigue.

### Blood of Nagash

The saga begins with "Blood of Nagash," a tale of ambition and treachery set in the year 2502 IC. Vlad von Carstein, once a valiant knight, has succumbed to the lure of darkness and become the Vampire Lord of Sylvania. Driven by an insatiable thirst for power, Vlad seeks to claim the legendary Sword of Nehekharu, a weapon capable of granting ultimate dominion over the undead.

As Vlad's minions march across the Old World, they encounter resistance from human armies and rival vampire clans. Amidst the chaos, a young orphan named Gotrek Gurnisson emerges as a symbol of hope. His unyielding spirit and exceptional combat skills make him a formidable adversary for the undead hordes.

### **Vlad the Impaler**

"Vlad the Impaler" continues the saga, delving deeper into the twisted mind of the Vampire Lord. Vlad's obsession with the Sword of Nehekharu leads him on a perilous quest that takes him to the heart of the Chaos Wastes. Along the way, he faces monstrous creatures, treacherous traps, and the machinations of his own treacherous kin.

Meanwhile, Gotrek Gurnisson and his companions track Vlad's path, determined to bring an end to his reign of terror. The clash between the dwarf slayers and the vampire legions is inevitable, and the fate of Sylvania hangs in the balance.

### **Vampire Wars**

"Vampire Wars" expands the scope of the conflict to include a wider array of factions and characters. As Vlad von Carstein's dominion grows, he attracts the attention of other powerful vampire lords. Tyrion, the Phoenix

King of the High Elves, calls upon his armies to aid the humans in their desperate struggle against the undead.

In a titanic battle that spans continents, vampire lords and their legions clash with elven rangers, dwarf slayers, and human knights. Alliances are formed and broken, and the borders of the Old World are redrawn as the forces of good and evil engage in an epic struggle for survival.

### **Isabella: The Vampire Queen**

The omnibus concludes with "Isabella: The Vampire Queen," a poignant and tragic tale that explores the human side of vampirism. Isabella, the beloved wife of Vlad von Carstein, is torn between her love for her husband and her own humanity. As Vlad's thirst for power corrupts him further, Isabella must confront her inner demons and make a choice that will shape the destiny of Sylvania.

### **A Literary Feast for Warhammer Aficionados**

"Undeath Ascendant: Vampire Counts Omnibus" is a literary masterpiece that will captivate both long-time Warhammer enthusiasts and newcomers to the grim and perilous world of fantasy. With its rich characters, intricate lore, and breathtaking battles, this omnibus is a must-read for anyone who enjoys dark fantasy, epic storytelling, and the timeless clash between good and evil.

So gather your courage and step into the shadows. The Vampire Counts await your arrival in a realm where darkness reigns supreme and the blood flows freely. Let the saga of "Undeath Ascendant" transport you to a world of nightmares and wonders, where the boundaries between mortality and immortality blur.
